STATINTL

8. Attended a farewell luncheon for [REDACTED] at the University Club.

STATINTL

9. [REDACTED] telephoned with regard to Kirk's memorandum concerning lack of courtesy, etc., in the Medical Staff. Frank said that he had talked with Kirk and that Kirk had declined to give anymore information, refused to identify either the two incidents he alluded to or the doctors in question. Frank said Kirk also seemed to be somewhat uncertain in his own mind as to why he had sent the memorandum in the first place. ~~He asked Frank~~ I asked Frank to prepare a reply either to me or to the IG through me.

STATINTL

10. Participated in a briefing for General Bruce Clarke who is to become the Commander of the Continental Army. ~~Talked to John~~ O

11. Talked to [REDACTED] concerning a current move by the Iowa delegation to have [REDACTED] appointed to the Civil Service Commission to fill the vacancy created by the resignation of Bernard Flannagan. Reported this to [REDACTED] Stan Grogan, and [REDACTED] inasmuch as there is a good chance there will be some publicity about it.

12. Stan Grogan told me that there was a move on foot in the Office of Training to do an intelligence study publication on the new building and its various gadgets. I must speak to Matt Baird about this and make sure that this does not get started. H

13. Jim Garrison reported that he had conferred with the Deputy at the Government Printing Office and had been promised sixteen men on loan for the Administration Building Printing Plant after Labor Day. He also talked to Jim Harrison of the Staff of the Joint Committee on Printing who said that he did not know of any commercial firm that was now geared up to handle our printing. He also raised the same old question as to why we couldn't contract for all of our printing if we could contract for a part of it. Jim also thinks that it will be possible to get GPO to do certain nonsensitive sections. H

14. Bob Macy telephoned to say that he had received the Director's letter to Mr. Stans concerning raising the salaries of our Category II Executive positions to \$18,500 - \$19,500. It was obvious that Macy took a dim view of this and said that to the best of his knowledge no other Agency had taken similar action as a result of the ten per cent increase for classified employees generally. He suggested that I check to see what other agencies were doing and in his response to my question as to where I should check he suggested the Civil Service Commission or the White House. I told him I would prefer not to go to the Civil Service Commission but that I would consult with Rocky Siciliano and that I would advise him as to what we proposed to do. H
